Any Genuine BMW part fitted under a warranty claim is guaranteed against defects in materials and workmanship for the remainder of the vehicle's warranty period.

BMW Premium Selection® Warranty – What is Covered?

We want to help you look after your BMW. That's where the BMW Premium Selection® Warranty comes in.

Any Genuine BMW part installed, or repair carried out by or through an Authorised BMW Dealer will automatically be covered by the existing warranty on the vehicle, for the balance of the existing warranty term.

BMW Premium Selection® Warranty covers factory fitted mechanical and electrical components.

Some components are not covered by this warranty. Those components are listed under the heading "Limitations and Exclusions".

BMW provides additional support in the event of breakdown. Please refer to the BMW Roadside Assistance Programme section of this booklet for further information and terms and conditions of the BMW Roadside Assistance Programme.
